

**Literacy-**

We are looking at three wordless books this half term- Journey, Quest and Return. They are wonderful picture books, and we will be having a big focus on writing and retelling those stories to improve our writing. We will be reading a myriad of different texts and answering comprehension questions in preparation for the fun things in May.

**SCIENCE-** Evolution: Discussing the theory of evolution that some people believe, and how it has been in effect in certain animals.

**Maths-** BODMAS, percentages, converting mixed number fractions to improper fractions and vice versa, then moving onto measurement, shape including angles, data handling such as pie charts and bar charts and then starting on co-ordinates. Oh and plenty of arithmetic revision for those things in May.

**Music-** Continuing our wordless theme, we will be listening to instrumental music and discussing the themes in those songs. Then hopefully composing our own!

**P4C-** Discussing many of the current global themes, as this is important all round knowledge that the children will need in life, and in High School.

**Geography-** Learning about different ways of travelling around the world, and how those methods of transport have changed over the years.

**PSHE-** It's good to be me. Reasons why we should be positive, and looking at the good things in our lives.

**SPaG** (Spelling, punctuation and grammar) Revising everything that we have done in the Juniors, and continuous application of those facts.

**Art-** Using our own 'Magic Crayon' from the books we are reading, we will draw our own magical items that come alive, as well as drawing our own wordless picture books.

**Forest Schools-** Taking part in lessons in the forest.

**Games-** Sports UK to deliver athletics and multi sport.

**WESTFIELD PRIMARY SCHOOL**  
**HALF TERMLY PLANNING**

DATE: Spring 2 2016-2017  
CLASS **Oak** YEAR 6  
TOPIC- Book Topic-Journey/Quest/Return
