FAMILY EVENTS

Summer 2019

fun school holiday activities | Summer Reading Challenge | digital, science & art events

INTRODUCTION

Summer is here and we have some fantastic events and activities for you to do over the school holidays.

Sign up to the Space Chase Summer Reading Challenge!

Come on a storywalk with us, relax in a yoga class, get digital in our 3D printing and 3D Doodles sessions and become a young zoologist at our Chester Zoo workshops. We even have the team from Daresbury Laboratory who will be sharing stories of the 1969 moon landings.

And, let's not forget our science club for budding scientists, our fabulous storyteller who will take you on an adventure and lots, lots more.
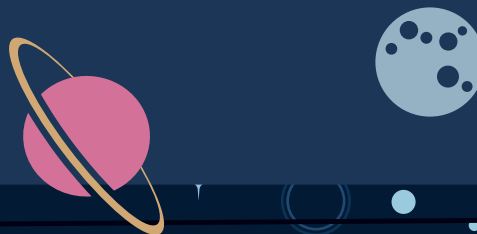

Spend summer with us at Halton Libraries!

SPACE CHASE SUMMER READING CHALLENGE

The Summer Reading Challenge 2019 theme is Space Chase, an out-of-this-world adventure inspired by the 50th anniversary of the first moon landing.

Children taking part in the Challenge will join our super space family, The Rockets, for a thrilling mission to track down books nabbed by mischievous aliens!

It's easy to take part! Simply sign up to the Space Chase and then read 6 books over the summer. They can be story books, information books, talking books, ebooks or eaudio books! Log them in your Space Chase reading log and collect stickers and prizes along the way from the library. If you complete the challenge then you will receive a special Space Chase medal.

SATURDAY 27TH JULY

FREE

Chester Zoo Workshop – 10.30-11.30am

FREE, book online via the library website or at any of our libraries

Only ONE Planet Earth Workshop 3 – our last week with the Chester Zoo rangers will focus on palm oil and the zoo's Sustainable Palm Oil Challenge. Many species are at risk due to loss of habitats as a result of the unsustainable palm oil industry. Learn about what is happening in Borneo and Sumatra and what we can do to help.

Recommended age: 5-11 years
